Several Groups Awaited At Winter Park

Along with the local winter sports fans, Grayling Winter Sports Park will be host to a group of fifty from St. Mary's High School of Bay City, for their annual Ski Day on Thursday, January 20th. Saturday there will be four groups one from Ellsworth High School, one from Van Buren Methodist church of Bay City, one from the Shepherd Methodist church, and one from Boy Scout Troop 65 of Midland, all using the various park facilities. Sunday around sixty from St. Peter and Paul's High School of Saginaw are scheduled to sample ski and ice conditions.

Last weekend among those who enjoyed the wintry scene at the park were Jagjit Singh of Punjab, India and Singh Kessava of Madras, India, both engineering students from Michigan State University. This was their first experience at skiing. They took lessons from Mrs. Lewis Stillwagon and Claude Lytle, and experienced the 10 below zero weather Saturday evening while doing so. They got along quite well and expressed their pleasure at being here.

Thursday's snowfall and the cold dry air made conditions ideal at the park.

Jim Weaver Scores 54 Points

Frederic Eagles Win Over Alba

By Rex Alma

On January 14th, Frederic made a surprising victory over Alba, 74-74. Surprising, because it was their first win of the season. The players attributed the game to a new defensive - offensive system they have adopted. Instead of having tall forwards, there was a switch to short faster forwards. This game was acclaimed by the spectators and players as the best game of the season. Everyone was well satisfied, so there is no doubt that this system will be used often.

Jim Weaver broke all previous records with a mighty 54 points. This fine player was going to Grayling for the second semester but after such team play he has decided to reconsider. He usually shot before he reached the free-throw line so he could avoid defensive actions, which proved to be very helpful. His fine shooting ability allowed him to miss only a few out of the numerous shots he took. This new record was made by the magnificent team play and his excellent shooting.

Jan Gauthier and Fred Hinkle each added an important 8 points to the score. Tom Koernke, a 5'3" forward and shortest player on the team, led the defensive effort by taking about 15 vital rebounds from the astounded Alba players. Rod Hinkle, a freshman but already a varsity material, and Jim Gauthier, who aided with their shooting and in keeping the system going were invaluable to this game and the final score.

The Junior High won their first six games but lost the seventh on the 14th to Alba, 41 to 31. Mike Jungman led the scoring with 11 points. John Redman followed with 10. David Bearss helped keep the opposing teams score to a minimum by his fine defensive play.

This was an off night for this team. They were not hitting in this game but they will attempt to do so in their next game which is against Johannesburg on Jan. 31.

This Thursday the girls team travels to Lake City and on Friday the Eagles and jayvees travel to Johannesburg.

FREDERIC SNOW QUEEN RECEIVES CROWN

Lana Jungman, Miss Frederic Snow Queen of 1966 received her crown from Al Almon at Mount Frederick Ski Resort on Sunday, January 9th. Vikings To East Jordan Tuesday, Boyne City Ramblers Here Friday

The Grayling Vikings after losing to the Harbor Springs Rams on the local floor last Friday night 48 to 44, are slated to travel to East Jordan on Tuesday night of this week to windup the first half of play in the NCCC race of this year. Then on Friday night, the Boyne City Ramblers will be here to kick off the last half of the race.

COMMUNITY COLLEGE INFORMATION AVAILABLE

Local members of the 4-county Community College Advisory Committee are urging local citizens to become acquainted with the possibility of having a Community College located within the 4-county area of Crawford, Ogemaw, Osceola and Roscommon Counties.

The "Accent On Michigan" program concerning a Community College will be viewed on Cadillac TV Channel 9 on Thursday, January 20th at 1 p. m. instead of noon as previously announced.

Advisory Committee members Bill Joseph of Grayling and James Madill of Frederic extend an invitation to any local group, such as: Ladies Aids, Masons, Elks, American Legion, VFW's, Service Clubs (Moose, Kiwanis, etc.), Extension Groups, Card Party Groups, Township Boards of Supervisors, etc., to let the Advisory Committee present the facts concerning a Community College in this 4-county area.

The Committee has a 15 minute film strip with sound available, plus additional materials. Organizations wishing a Community College Program for their group may call Supt. Bruce Billeter of Frederic Community School, phone 348-8128, Supt. Joseph Stripe of Grayling Public Schools, phone 348-6188, or Mrs. Robert Strong, phone 348-6811.

FISH FRY FRIDAY

The Grayling Sportsman's Club is having a fish fry on Friday, January 21st, from 5 to 8 p. m. at the clubhouse on Old 93. The price is the same, \$1.50 for adults and 75c for children under 12.

Bear Slated For Two TV Network Shows

The new ABC-TV program series entitled "American Sportsman" which appears on Sundays has scheduled two episodes in which Fred Bear spent several weeks last fall helping to make. With him part of the time in the Stevens Lake area of British Columbia, where the sequences were filmed, was Fess Parker of ABC's "Daniel Boone" show. Both men were to down grizzly bears, Fred Bear with bow and arrow, of course, and Fess Parker with a gun. Because Parker could stay only a few days, his hunt was filmed first. However, before he returned to Hollywood, he took time for some archery lessons from Mr. Bear, who described him as a "natural" archer.

Fess was so enthusiastic about the sport that he and Mr. Bear are going to get together next September for another assault on British Columbia's grizzly population.

Approve Four Doctors Use Of Hospital

The Governing Board of Mercy Hospital, Grayling has approved the recommendation of the medical staff to grant privileges to the following physicians to use the hospital facilities in caring for their patients:

H. G. Slade, M. D. from Saginaw.
C. J. Godell, D. O. from Houghton Lake.
D. R. Daciuk, D. O. from Houghton Lake.

C. P. Russo, D. O. from Lewis-ton.
Before the above physicians or any physician may be approved to use the facilities of the hospital, they are required to meet specific criteria established by the Governing Board and Medical Staff. Credentials must be presented as proof of competency in those procedures requested to perform in the hospital. Personal interviews are conducted by both the Administration and the Credentials Committee of the Medical Staff.

The following officers of the Medical Staff were approved and elected for the year 1966:
Chief of Staff, V. B. Blaha, M.D.
Vice-Chief of Staff, P. A. Dosch, M.D.
Secretary C. D. Potvin, M.D.
Physician responsible for surgery, B. E. Henig, M.D.
Physician responsible for Obstetrics, C. D. Potvin, M.D.
Physician responsible for Medicine and Pediatrics, C. L. Oppy, M.D.

GROVER COX PASSES AFTER LONG ILLNESS

Grover Cox of 300 Huron Street, Grayling, passed away January 16 at Grayling Mercy Hospital after several weeks' illness.

Mr. Cox was born in Gaylord, Michigan on November 14, 1892, the son of William and Marcella Cox. He attended school in Cheboygan and from there went to Pontiac where he was employed by the Oakland Motor Car Company, and later as paymaster for the Pontiac Motor Division of General Motors. He moved with his family to Grayling in 1945 and was office manager for Bear Archery Company until his retirement in 1962.

Grover Cox was married to Lillian Ackley of Newberry, Mich., in October, 1920. To this union were born five children, Mrs. William Barrus (Barbara) of Danville, Indiana, Mrs. Ralph Hoffman (Nancy) of Grayling, William and Patrick Cox, both of Grayling, and Mary Estelle, who died in infancy. In addition to his widow, Lillian, Mr. Cox is survived by a sister, Mrs. Frank MacVicar of Pontiac, thirteen grandchildren, several nieces and nephews.

Grover Cox was a member of the St. Mary's Choir for twenty years and has sung in various Catholic Church choirs over fifty years. He was also active in Little Theater productions in Pontiac and Detroit for several years. He was a life member of the Knights of Columbus.

Funeral services were to be held at 10 o'clock Wednesday morning at St. Mary's Church with the Rev. Fr. William McKnight officiating. Interment was to be in the Grayling Mausoleum with burial next spring in the Gaylord Catholic cemetery beside his paternal grandparents.

A rosary was recited Tuesday evening at eight at the Sorenson Funeral Home.

Bicycle Stage Race One of Michigan Week Highlights

Earl Broadbent Ends 46 Years of Railroading

Earl Broadbent of 404 Date St., Grayling retired from railroading on Monday, January 10, 1966, after 46 years of working on Michigan railroads. Earl was born in Plymouth, Wayne County, Michigan in 1901. He was married in 1921 to the former Lola Huey of Gaylord. The couple has three daughters, Mrs. William Widrig of Gaylord, Mrs. Don Bobenmoyer of Grayling and Mrs. Donald Southern of Washington, D. C., and thirteen grandchildren.

Mr. Broadbent began working for the Michigan Central lines in 1920, shoveling snow on the Johannesburg Branch from Sailing to Joburg. He later worked as a regular trackman on the line. In 1925 Earl took a foreman's job on the Pencil Lake Branch running from the East Jordan Branch, six miles east to Alba. This was a logging branch into a lumber camp. In 1927 he bid in a job on the McGraw Branch which ran from the Johannesburg Junction to Whitehouse Camp east of Vanderbilt. In 1928 he took an assistant foreman's job in the Bay City yard, remaining in this position four years.

Then came the depression. Due to forced reductions, Earl returned to Grayling in 1932 where he worked as a laborer. Since that time he has run crews in Gaylord, Cheboygan, St. Helen and Roscommon as well as working a road train crew four months in the summer time. For the past fifteen years he has had charge of the local section crew.

Mr. Broadbent has laid out about three-fourths of the rail between Bay City and Mackinaw when the tracks were changed over to heavier rails. He also traveled for a time as operator of portable equipment such as the Jordan spreader, or snowplow, and Brownhoist crane. During the past five years he has worked as a relief supervisor during the summer.

Earl recalls many unusual occurrences along the miles of track he has covered. It was quite a thrill to ride the snow spreader. On one occasion his engineer brought the train to a halt upon seeing the spreader tilted so that the wheels on one side were sixteen inches above the rails. This was because the sixteen-foot tip was crowding the bank and was forced up to clear the snow. He recalls with pride that one of his crews consisting mainly of local men operated for seven years without a single injury.

The Broadbents have lived in Grayling more than once, moving here and away again during the early years of his service. They returned to Grayling to make their home in 1932, first in the Earl Penn home by the Sunoco station, then in the Jorgenson home in back of the M. E. church, which later burned, then along the river near the Carr home, and finally in their present home on Date Street.

Earl says his plans for the present are to catch up on odd jobs, on his fishing, and on visiting relatives and friends. His daughter, Mrs. Don Bobenmoyer and family, had presented him with a dinner card for Christmas, and on the day of his retirement, Mr. and Mrs. Broadbent, and Mrs. Bobenmoyer went out for dinner at Chief Shoppenagons Hotel, making the occasion a retirement dinner.

Mrs. Bobenmoyer presented her father with a bouquet of four red roses, one for each ten years of his service, and a pink one for the remaining six years.

The text part of the advertisements read, "Fred Bear is the Bear of Bear Archery, and his bow and arrow is one of the legends of modern industry. We began doing business with him in 1933, when he was starting out in Detroit. We still take care of his banking and trust needs with the cooperation of the Grayling State Bank. He moved his plant to Grayling in 1947. We do a good deal of business by telephone and about once or twice a year he drops in on us in Detroit. Come to the office he'll be off for Alaska to hunt the polar bear. With bow and arrow, of course. We like to think that our careful attention to his banking affairs is one of the reasons he can enjoy his business so successfully."

Grayling Sportsman's Club By Jim Forbes
The first 1966 quarterly meeting of the Grayling Sportsman's Club was held at the clubhouse on Wednesday, Jan. 5, president Phil Miller presiding.

Officers for the year 1966 are Phil Miller, Pres.; Doug Burley, Vice Pres.; Chuck Pick, Treas.; and Jim Forbes, Secy. Elected directors for a two year term were Jack Baker, Pete Latusek, Otto Failing and Roy Swanson. Incumbent directors having one more year to serve are Bud Hunter, Ken Jackson, Chuck Decker and Harold Strauss.

The next fish fry is Jan. 21st. Additional kitchen equipment is being purchased which will speed up preparation and service.

Starting in February the Club will have a door prize at each monthly meeting. (First Wednesday). Members' names will be placed in a container and a drawing will be held at eight p. m. the prize to be ten dollars. If the member whose name is drawn is not present, five dollars will be added to the prize and the prize for the second month will be fifteen dollars, etc.

Pollution of the river was discussed. Bud Hunter was appointed to meet with canoe livery operators and other civic organizations to see what can be done.

DETROIT BANK AD-HIGHLIGHTS FRED BEAR

Last week, the Detroit Bank and Trust of Detroit highlighted Fred Bear in near full page advertisements, on Wednesday in the Detroit News and on Thursday in the Detroit Free Press.

The advertisements featured a large photo of Fred standing before his trophy Indian tiger with a show case full of famous Bear Archery Company bows in the background.

The text part of the advertisements read, "Fred Bear is the Bear of Bear Archery, and his bow and arrow is one of the legends of modern industry. We began doing business with him in 1933, when he was starting out in Detroit. We still take care of his banking and trust needs with the cooperation of the Grayling State Bank. He moved his plant to Grayling in 1947. We do a good deal of business by telephone and about once or twice a year he drops in on us in Detroit. To Be Held On Second Weekend

Mrs. Walter Truettner, president of the Grayling Area Chamber of Commerce and Crawford County Chairman for Michigan Week 1966 announced this week that the first bicycle stage race ever held in the United States would be held in northern Michigan during the coming state celebration.

The invitational "Tour Of Northern Michigan" bicycle race will be held during the second weekend of Michigan Week in the six counties of region four, Emmet, Cheboygan, Crawford, Charlevoix, Antrim and Osego counties.

Regional chairman Ray Conley said this is also the first time in the Michigan Week organization that all the counties in a region have worked together to bring a form of entertainment to an entire area.

The bike race will be similar to the "Tour de France" race held each year in France. Olympic style events will be featured in each of the communities to be visited by the tour. Stock bike races will also be held at each of the stops and every child who has a bicycle or tricycle may compete for handsome medals.

Top Olympic competitors from all over the Midwest have been invited to participate in addition to bike race teams from Michigan State University, the University of Michigan, Lawrence Tech and Wayne State University.

The race has been sanctioned by the Amateur Bicycle League of America, an organization similar to the A. A. U.

These riders will attain speeds of over 40 miles an hour on their specially built racing machines. Spills, head to head battles at the finish lines, and supreme tests of endurance will attract many spectators to Northern Michigan to view the races.

The race will begin at Gaylord on Friday night, May 20, where Olympic events and kiddies races will be held.

Saturday morning the riders will race to Grayling, where Olympic events and kiddies races will be held.

The race will proceed to Bell-Aire for a similar program, then on to Charlevoix for the days finish.

The riders will then be transported back to Gaylord by bus to ready themselves for the Sunday start.

Early Sunday morning, riders will travel by bus to Cheboygan to begin the final leg of the tour.

The race will leave Cheboygan for Petoskey. Olympic events will be held, then the race will proceed back to Gaylord for the grand finish.

Winner of the "Tour Of Northern Michigan" will be the rider who has completed the best time for all events.

The Wolverine Sports Club of Detroit is helping to make arrangements.

Fund-raising will begin shortly in each of the communities involved, with an estimated total budget of \$2,000 needed to make the project a reality.

CUB SCOUTS

There will be a Cub Scout Committee meeting January 20 at 7:30 p. m. in the Elementary School Teachers' Lounge.

On January 27th there will be a meeting of the Cub Scout Pack at the multipurpose room at the Elementary School, 7:30 p. m.

Announce Engagement

Mr. and Mrs. George Loos of Grayling announce the engagement and coming marriage of their daughter, Regina Carol, to Mr. Curtis John Feldhauser, son of Mr. and Mrs. Jack Feldhauser of Grayling. A February 15th wedding is planned. Regina is a 1965 graduate of Grayling High School.

At the Grayling Post 106, American Legion meeting on December 27th, a certificate of participation was presented to Robert Ashman, for his faithful work as a bugler at various funerals etc. Formerly the post has used ex service men for this chore, but had to rely on outside help for this job, as part of the time, the regular bugler was unable to attend, and the Legion was up against it. They wish to thank Bob for the swell job he has performed in this respect and want him to know that they do appreciate it very much.

In 1966 Michigan Week Tuesday Is Heritage Day Friday Hospitality Day

There'll be a switch in two of the seven special days of Michigan Week this year. As the week always begins on the third Sunday of May, the 1966 dates are May 15-21. Tuesday, which has been Hospitality Day since Michigan Week began in 1954, will be Our Heritage Day.

Friday, which has always been Our Heritage Day, will be Hospitality Day.

In announcing the change, General Chairman Paul Penfield, advertising director of Detroit Edison Co., explained that the switch results from a suggestion by the Wyandotte Board of Commerce that in a great vacation state in springtime the most appropriate time for hospitality celebration is at the start of the weekend. Traditionally scores of communities celebrate Hospitality Day with special visitor greeting programs, often having police issue tickets to

Crawford County Avalanche Thursday, January 20, 1966

out-of-county motorists for free coffee and doughnuts, lunch, dinner or even overnight accommodations.

The Wyandotte group also urged that Friday would be the ideal time for hospitality activities in business places because so many stores are open Friday evening in shopping centers and elsewhere.

A survey among state and local Michigan Week leaders brought complete agreement with the Wyandotte suggestion. It turned out that county historical societies, usually in charge of Heritage Day arrangements, felt Tuesday will be a much better time than Friday to get people out for the civic dinners that are held in many places to toast local history.

The other special days remain as in the past — Sunday, Spiritual Foundations Day; Monday, Our Government Day; Wednesday, Our Livelihood Day; Thursday, Education Day; Saturday, Youth Day.

Order Out Of Chaos?

"The World In A Mess". That is the plaintive, but undeniably accurate, title of a feature article in the U. S. News & World Report of December 6, 1965. The article consists of a summing-up of the troubles that beset nations just about everywhere and in many instances grow ever more critical and intense.

The high hopes that existed a comparatively few years ago have simply not been realized. Instead, problem has been piled upon problem, danger upon danger. As the magazine puts it, "At one time, Americans were optimistic that there could be a stable and well-ordered world, with many problems adjusted through the United Nations. After investment of more than 100 billion dollars in aid and almost a trillion dollars in a defense system to help provide stability, the mess appears to grow worse."

U. S. News then goes down the list of trouble spots. Here, in capsule form, are some of its findings—all of which, of course, are supported by established facts.

In Viet Nam, the war grows bloodier, and the United States' commitment expands swiftly. The communist refuse all efforts at negotiation. The \$64 question as the article sees it, is whether Red China will enter in if the North Vietnamese are faced with defeat.

Rhodesia is a "new tinder box". The whites, outnumbered 18 to 1 by blacks, refuse to relinquish power. The government has withdrawn from the British Commonwealth. Britain and other nations are applying economic sanctions. Some African nations threaten the use of armed force against Rhodesia. U. S. News says that "The danger of a bloody outcome of this whole situation is regarded as real."

More troubles are arising in much of Latin America. There is little political stability, and communist subversion exists on a broad scale. Most of the nations are threatened with a food crisis—populations have soared and per capita food production has dropped. The U. S. is pledged to prevent communist take-overs of government by armed force if necessary.

Just next door to us, in the Caribbean, Castro rains revolutionaries from the Latin America countries. Hundreds of these young men, trained in sabotage, terror and guerrilla warfare, return to their homelands each year to start more revolutions. The magazine reports that "Top targets as of now are Colombia, Venezuela and Guatemala."

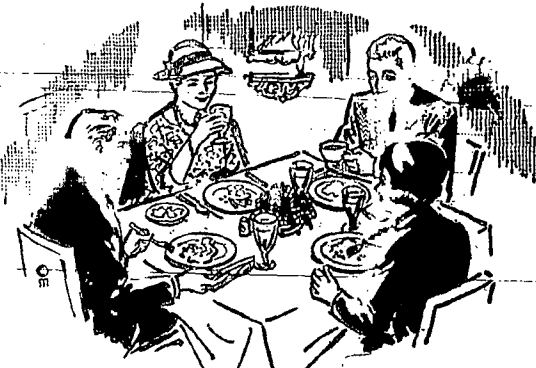

So the list of hot-spots goes. India and Pakistan seem close to war. Indonesia, with Red China's friend Sukarno in control, seeks the conquest of Malaysia, which has U. S. support. And the deepest kind of troubles face NATO.

It is a gloomy picture indeed. Our involvement in such affairs is profound and is likely to become more so. To quote U. S. News again, "There's a feeling being sensed in Washington that if the problems of the world can possibly be brought under control by a strong hand, then the U. S. may now be getting ready to step out and give it a try."

One more point should be noted. It is that communist powers have problems on their hands and have had small success in finding solutions. As Intelligence Digest, an authoritative British publication which deals with world affairs, states: "In fact, they are in serious trouble. They are politically confused, in great economic difficulties, and divided. It is right that, without indulging in wishful thinking, this should be appreciated. What is wrong—and could be suicidal—is to help the enemy out of his difficulties."

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVANCE OF 23 YEARS AGO

January 21, 1943

We have become accustomed to snow storms but blizzards are an added element to spring on us this week. Tuesday afternoon "the wind she blew" and the snow she "sneezed" and the outdoors was a whirl with the most disagreeable storm that has visited us ever since the big storm of last March. Then to make things worse, the temperature dropped to below zero and with the sharp wind, the out doors was biting and fierce. Snow drifted in huge banks in many places while other spots were swept comparatively clean. This kept up most of the time thruout Tuesday night, but the weather moderated somewhat Wednesday, however the air was quite cold. Traffic seemed to be held up in all directions of the highways. Those driving cars could not get out of town and those in other places couldn't get to Grayling. Bus schedules were out and no busses got to Grayling until Wednesday afternoon. The Michigan Central midnight southbound train was about four hours late and the early Wednesday morning train also was a few hours behind schedule. All are again running on time. Today, Thursday, a fine snow is falling and zero temperature prevails.

It hasn't been long since Grayling boasted of a railroad roundhouse, car repair shops, turn table, day and night shifts of local employees besides many engineers, firemen, conductors, brakemen and other train crews who waited at a commodious "bunkhouse" for their next "run" out. Grayling was really "railroad minded" those days, and activities were reflected by the big pay rolls that found their way into the pockets of the many workers residing here. Most of this activity has long since ceased. Larger and more powerful locomotives hauled large trains right through the city without having to stop for checks and servicing, shipping dropped to but small business compared with former times, skeleton crews did the work in the roundhouse and the "bone yard" had but little picking. Then the roundhouse burned and now this is but little more than passenger and freight station. The famous old passenger depot is now combined ticket and freight office, and the second-story rooms replaced the burned bunkhouse. Grayling has been a great railroad town, and Michigan has been a great railroad state, with her 7,256 miles of railroad lines. In remarking about railroad mileage, Texas leads the nation with 36,221 miles of lines. Illinois is next with 11,933. The state of Delaware has the fewest miles of railroads, with only 285 miles. Railroads have played great parts in the development and progress of the nation. Just now they are doing masterful job in essential war work. Eventually railroading will change, just as railroad conditions have changed in Grayling. New methods of travel and of carrying commodities will be developed.

At Mancelona last Friday, Grayling's varsity lost to the Antrim County boys 30-22, but definitely showed improvement. "Mancelona has a strong quintet. They have a tall five and against Grayling their marksmanship was hard to beat. However, Grayling dominated the play in the first half to lead 16-13, and continued to be in the ball game until the last part of the fourth quarter.

Mr. and Mrs. O. T. Schanbrite of Chicago have returned for the winter and are staying at one of Uncle Tom's cabins on the AuSable.

Mrs. Earl Domoe and son Roger Evans of Oak Harbor are spending a few days here in Grayling visiting with friends and relatives before Roger leaves for the army the last of the month.

The Souvenir Works at Frederic is helping the Dore Manufacturing Co. in supplying some parts. The Frederic plant is kept booming by these orders. It was necessary to add two more machines to their plant in order to keep up with the orders.

Camp Higgins CCC camp has taken over for the training of penal institute trustees in reforestation. Also Camp Hartwick Pines will have similar activities. These camps have already been opened for the training of men to direct the reforestation work.

Our weather reporter last week claimed 1 foot of snow on the level. Must have been a seven league boot. Any open spot in the woods measures from 30 to 35 inches deep of snow. Our oldest inhabitants claim we have had more snow for this early in the year than they ever knew before.

If it were not for the kindergartens, how would we educate the parents?

Mrs. Arthur Parker of the Avalanche force took a few days off last week at Roscommon to bid goodbye to two sons—Clifford and Norman, who entered the war service. Another son, Dale, is already serving in Uncle Sam's armed forces where he has been winning honors on the rifle range.

Word from Earl Gierke says he is in a base hospital at Camp Davis, N. C. nursing a broken ankle. Mr. and Mrs. Devere Dawson have moved into the Howard Smith house on the corner of Maple and Ottawa streets.

Mrs. Leo Gammon of Big Bay and daughter Miss Audrey of Saginaw visited at the home of her brother Leland Smock Friday and Saturday.

Mr. and Mrs. Jess E. Schoonover are leaving Saturday for Fort Benning, Georgia, to spend a few weeks with their daughter and husband, Lt. and Mrs. William Trufe. Mrs. T. P. Peterson accompanied Mrs. Sigwald Hanson to Mt. Pleasant last week and visited her daughter, Miss Virginia, who is attending C. M. C. E.

All machinery was saved but a new shed recently constructed at the Grayling airport to store valuable equipment was damaged by a fire that started about noon Thursday in the building. Members of the Grayling fire department and workers at the airport succeeded

ed in removing all equipment from the burning structure before it was damaged by the flames. The roof of the building was destroyed and sidewalls suffered considerable damage. The origin of the fire was undetermined.

Word has been received from the Harold Johnsons in Sandusky that their son Lewis is confined to the hospital with pneumonia. The Johnsons left Lovells early in the winter and will return in May or June.

Mr. and Mrs. Art Walser of Chesaning and their guests the F. Stewarts are spending the week at the Walser cabin, Lovells.

Mrs. Frank Wood with Mrs. P. Carroll as cohostess entertained at a luncheon shower January 14 for Mrs. Robert Papenfus of Grayling, who was the recipient of many gifts. Prizes for the afternoon amusement went to Mr. R. Papenfus, Mrs. Otto Loeffler and Mrs. E. Kellogg.

The testimonials praise the company's service, reliability, and the quality of its products.

Consumers Power Company

...working to sell MICHIGAN 365 days each year!

In the next five years, Michigan will need about 100,000 new jobs each year, just to sustain population growth. The key to creating these new jobs is industrial expansion. And Consumers Power Company's Area Development department is working constantly to help existing industry and bring new industry to this area. One phase of this effort is to advertise regularly for new industry in national publications like The Wall Street Journal and Business Week. These topical advertisements, shown above, reach over 1 million readers. Helping provide the jobs we'll be needing tomorrow is part of our obligation to serve the people of Michigan. It's another nice thing about having Consumers Power as your neighbor.

Former County Resident Dies In California

Frank J. Keely of Sacramento, California, passed away Thursday, January 6, 1966, at the age of 78. He was a former Maple Forest resident around 1920 and was married to the late Mabel Bass of Maple Forest. Funeral services

were held Tuesday, January 11 at the Staphis Funeral Home in Bay City, Michigan and at 9 a. m. at the St. Valentine church with the Rev. Fr. Barney J. Janowicz officiating. Burial was in Calvary Cemetery in Kawkaiah.

Mr. Keely was born in Bay County November 2, 1889, and lived in Sacramento for the past three years, coming from Kawkaiah. He is survived by five daughters, three sons, twenty-four grandchildren, twenty-four great grandchildren; a brother, Earl Keely of Flint, three sisters, Mrs. Gladys Hopkins of Bay City, Mrs. Marie Olk of Henderson, Michigan and Mrs. Nettie Turk of Midland.

Woman's Club

The Grayling Woman's Club met Monday evening at the clubhouse with president Mrs. June Hatt presiding. Harry Travis spoke on the Grayling Sports Park, first giving a brief history of the park and then some highlights of the park through the years. No newcomer to winter sports, this winter finds the park about to celebrate its 41st winter carnival. A preview of things to come was given, which includes new buildings and various kinds of recreation to be offered. The park's primary aim will continue to be to provide economical and wholesome entertainment for families. A question and answer period followed.

Hostesses were Mrs. Leo Hawkins and Mrs. Ernest Larson. An arrangement of ceramic fruit along with gold tapers was used as a centerpiece. Subscribe for the Avalanche

Bridal Shower

Moose Lodge Activities

Sorry last week's column was not printed, but it was not the fault of the Avalanche. It was written, but the Avalanche never received it. This Sunday, a rabbit hunt is planned for all members who are interested. Meet at the club at 9:00 a. m. The rabbits will be used for a rabbit feed at the lodge at a later date, yet to be announced. A lot of fun has been had on these hunts in recent years.

On Jan. 9th the Legion of the Moose Club held their monthly meeting at the lodge. The next meeting will be held Sunday Feb. 6, at 11:00 a. m. for breakfast. The agenda will be an election and installation of officers for the coming year.

Saturday, Jan. 15, was the District meeting in Ludington. Our lodge was represented by John Galloway and Bill Fitzgerald, Bill being the State Vice-President for this District. An election for State Vice-President will be held at the next District meeting, probably at Cadillac or Manistee.

It is not too early to be thinking about elections in our own lodge. A nominating committee must be picked next month.

Sunday, several members who

hold the Second Degree in the Moose attended the Legion meeting at Owosso.

We are glad to hear Art O'Connor is feeling much better. Art has been in Mercy Hospital as a result of an auto accident.

This Friday is regular meeting night at the lodge, starting at 8:00 p. m. All members who can should try to attend.

The Jan. enrollment has been postponed until Feb. 5, when the Ypsilanti degree team will be here for the enrolling ceremonies. The same evening, a dinner will be served at 6:00 p. m. at the lodge basement in honor of the Fiftieth Wedding Anniversary of Brother and Mrs. Ray Carriek. Ray is Lodge Frelate.

Bits O' Talk

Bernard Fowler left Sunday for Lansing to attend the Township Supervisors' convention at the Jack Tar Hotel through Thursday.

The Dick Ashton family has purchased the former Nelson Motel and home on M-72 west, and the Nelsons are occupying the Emma Knibbs home until their new home at the Lake is completed. The transfer was made in November.

Dance to the music of the Ted Berry Trio playing in the Pioneer Room on Friday and Saturday nights at the Chief Shoppenagons Motor Hotel.

The Richard Nelson family of Grand Rapids spent the weekend with their parents, the Earl Nelsons, and sking at the Sports Park. Arthur, Feldhauser, accompanied the Rev. and Mrs. R. C. Puffer to Detroit Sunday where they spent the night with their daughter Mrs. Gene Loshier and family. They continued on to Florida, Mr. Feldhauser to occupy his home in Yanketown and the Puffers to visit their son and family near Cape Kennedy and other spots in Florida for about four weeks. Mrs. Feldhauser remained in Grayling. Wayne Clark of Lansing was in this area last weekend to cover "The Bugler's Holiday." Bob Ashman will also play a solo. We wish these students the very best of luck and we hope that Grayling can be proud of them.

SCHOOL BAND NEWS

The band performed at the basketball game on Friday, Jan. 14. Songs for the game were chosen by Christine Carlson, Linda Christian and Darlene Portwood with Mr. Christian's help and approval. The next game that we will perform at is on Friday, Jan. 21. The after-game dance will be put on by the band.

Our festival at Traverse City will be on February 28. The March we have selected is "Totem Pole." Our selected concert hymn is "The Good Daughter." The Class D required song is "Green Meadows." We have been practicing faithfully since before Thanksgiving. At last year's festival we received a two point rating. This year we are trying for a higher rating. Mr. Christian thinks we have a very good chance of doing better. During January we have been having sectional practices every Saturday. In February the whole band will have practices on Saturdays, and also on a few nights each week.

There will be a solo festival on February 5. More students are taking part in it this year than at previous festivals. Richard Skolasky will play "The Mariner" on the tuba. Richard Holmes will also perform on the tuba. His selection is "Asleep in the Deep." Bob Ashman, Linda Christian and Kay Jansen will play a coronet trio, this area last weekend to cover "The Bugler's Holiday." Bob Ashman will also play a solo. We wish these students the very best of luck and we hope that Grayling can be proud of them.

School Board Minutes

The regular meeting of the trustees of Grayling Public Schools was held in the principal's office at the high school on December 13, 1965. The meeting was called to order by President Millikin at 8 p. m. Others present were Supt. Stripe and trustees Henig, Dosch, Smock, Pettyjohn, Thompson and Strong.

The October minutes were approved as read.

The agenda showed a true balance of \$33,604.57 in the general fund as of 11-30-1965; \$31,904.53 in the debt retirement fund and \$24,830.83 in the building and site fund. The lunch program showed a deficit of \$309.37. 5,784 lunches had been served to children during the month and 289 to adults. Average daily participation was 289. 340 lunches were served free or at reduced cost.

A bill for additional dishes and trays for the hot lunch program in the amount of \$340.15 was approved for payment from the building and site fund on motion of Smock supported by Thompson. All ayes.

General fund bills number 5395 through 5443 in the amount of \$31,202.50 were unanimously approved for payment on motion of Henig supported by Smock.

The purchase of a Vulcan Therm-air oven, with all sides of stainless steel for \$996.00 was unanimously approved on motion of Thompson supported by Henig.

A fee of \$1.00 per teacher is being charged for the COOR institute to be held in February. The institute will be concerned with special education services. On motion by Strong supported by Pettyjohn the board unanimously approved payment of the fees.

The March 14th election of six trustees for the Community College Board was discussed.

Insurance for the South Side School was left at twenty thousand coverage.

A teacher policy concerning maternity cases was discussed.

An April election involving the consolidation of the Frederic and Grayling School districts was discussed.

A petition, in accordance with Michigan state law, Public Acts 379 and 282, from the Grayling Public School teachers requesting that the board recognize the Grayling Education Association as sole negotiating agent for teachers in the system was read. On motion of Strong supported by Henig the request was unanimously approved with the provision that a canvass of the votes substantiates that a majority of the teaching staff of the school voted in the affirmative for the afore-mentioned bargaining agent.

The bill of \$632.15 for the aluminum for the gym fascia was unanimously approved for payment on motion of Strong supported by Dosch.

A motion by Smock supported by Dosch approved the application for funds in the amount of \$7,406.00 under title three of the Elementary and Secondary Education Act for a reading improvement program in connection with Central Michigan University.

The Supt. announced that the Grayling Senior class students had invited the Frederic Seniors to accompany them on the senior trip and this invitation had been accepted; the possibility that schools may be forced to eliminate the Baccalaureate programs; that funds have been applied for under the NDEA Act for library books for the elementary school and a projector and other teaching aids for the high school. Under these acts the federal government pays 52.3% of the cost. Orders in the amount of \$872.31 have been authorized by NDEA.

A high school baseball program was again discussed.

The request of the bus drivers for more pay for driving buses to games and other extra curricular activities was tabled pending further information.

Other minor matters were discussed.

Meeting adjourned at 10:35 p. m. on motion of Dosch supported by Pettyjohn.

Eva Strong, Sec'y.

STAR BRIGHT

When Millie goes to bed she stops by the stairway window to say good night to her favorite star. It twinkles in the frosty evening sky, and to her it seems remote and cold. But to Millie, the star is a warm and glowing friend. It's just a matter of viewpoint. A grown-up sees through the eyes of experience. The child gazes through the eyes of innocence. And as we all know, it isn't easy to exchange our experience for innocence again.

Yet, this is exactly what many of us need to do. Many of us need a new approach, a new look at the old things, the old truths. We need to open our eyes, and let ourselves see; to open our ears, and let ourselves hear.

There is no better place to discover this new approach than in your church. In church next Sunday you will find a new point of view. Let yourself see, let yourself hear. You will be surprised at the results.

FORESTS and DEER

By David D. Olson

With the passing of another deer season and the estimated harvest of 108,000 animals, Northern Michigan seems to be reverberating with the cries of unhappy hunters. Some of the old familiar hunting areas have experienced a drop in total kill and other areas have seen an increase. The army of 600,000 hunters is deeply concerned about land management policies in Michigan, but many of these hunters fail to obtain all of the important facts. Forest land is being managed on a multiple use basis. Deer are one of the more important products of the forest, but by no means the only product. In a complex society such as exists today, it is necessary to gear land management towards satisfying as many of the needs and demands of society as possible. The generally accepted definition of "Multiple Use" is the management of all the various renewable natural resources of the forest so that they are utilized in a combination that will best meet the needs of the people.

The natural resources of the forest include timber, birds, mammals, fish, and water. These resources are the products of land management and the relative value and importance of each one must be analyzed in relation to the others. The products are the backbone of forest industry, hunting, fishing, and recreational uses. Forests cover over 54% of the total land area of the state. The wood used in industries in Michigan have once again assumed an important role in the overall economy. The industry is now one of the four biggest industries in Michigan.

Over 120,000 people in the state work in businesses dependent on timber. Annual payrolls exceed \$10 million annually. Pulpwood production has risen from a harvest of 762,000 cords in 1952 to 1,321,000 cords in 1964. This represents a 72% increase in 12 years. Estimated production for 1980 is 3,180,000 cords. Other timber products are also contributing to the economy of the state. Lumber, industrial timber, maple syrup and Christmas trees are other growing businesses dependent on the forest.

The direct value of raw timber products was 66 million dollars in 1962. Values added by manufacturing and beyond manufacturing total over 1 billion dollars per year.

These same forest lands also provide the habitat for game, birds and animals. Many citizens enjoy seeing these creatures of the forest and many enjoy hunting them. Small game hunters totaled over 650,000 in 1960. Numbers of people simply enjoying the viewing of animals is tremendous.

Big game license sales were 461,000 in 1960 and over 500,000 in 1965. Again it is difficult to determine the number of people who enjoy seeing big game and not hunting. The total economic contribution of the wildlife enterprise is large, and the number of people involved in using this resource is great.

Over 900,000 persons purchased fishing licenses in 1960 and the management of this resource is dependent on wise land management. The tremendous explosion in outdoor recreational uses other than hunting and fishing has had an important impact on land use policies. Camping, picnicking, hiking, riding and sight seeing are all important uses of the forest. These uses involve many more people than the numbers of people hunting and fishing.

Michigan's total tourist and resort business exceeds one billion dollars a year. Where would this industry be without good land management policies? Our northern forests are the background and the aesthetic setting for the industry.

Trained land managers and biologists have a difficult task facing them. Every type of land user believes management policies should be directed towards his personal interests. The preservationist is against harvesting timber or hunting game; the hunter wants more game and less management directed towards preserving; timber producers desire more intensive management for quality timber and less emphasis on other uses.

Land managers must weigh each use and their value in both money and aesthetics. Everyone will not be happy with the results, but most important uses of forest land will be recognized and provided for in management activities.

It would be wise for all citizens to take a good broad look at the vast complex problems of land management and to respect the needs and desires of all users of forest land.

Twilight Twirlers

New classes are beginning the next few weeks. Interested girls should be at the elementary school at 5:30 p. m. Wednesday nights. Any Sixth Grade girls who think she can qualify and all junior and senior high school girls should register at 7 p. m., same place.

A recital is being planned for the end of February or first of March. After that, work will once again resume for summer parades.

County Dems Meeting

The Next Co. Dem meeting will be held at the Frederic Town Hall on Feb. 14th at 8:00 p. m. There will be a speaker on township elections and the various changes to take place for this year. It was decided to hold the next few meetings at the various township halls and create more interest at the township level. The Frederic Dems will serve lunch. Every Democrat in the county is invited to attend and anyone else interested in township elections. Eugene Kaiser is Chairman.

The 1966 memberships are now available and we also need a membership chairman. If you can, and everyone can, donate a few hours towards party work, will you please call Lora Gould, County Chairman, and offer your assistance. This is too big a job for one person to handle all alone. It is your organization and it is your duty to help. Many hands make for light work. HELP! VOLUNTEER NOW!
